***“In Operation Blackjack, London, Paris, Washington D.C., Toronto, Mexico City, plus New York, Los Angeles and Portland and are all bombed on June 22nd, in an unspecified year. The alleged perpetrators are “domestic extremists armed by Iran, Syria, and China” — John Kimber (2014)***

**Barack Obama (2008) has stated, “We cannot continue to rely only on our military in order to achieve the national security objectives we’ve set. We’ve got to have a civilian national security force that is just as powerful, just as strong, [and] just as well-funded.”**

Think about it: a “national security force” that is “just as powerful, just as strong, [and] just as well-funded” as our military! If that is not the description of a massive national military/police force to dominate and control the United States of America, what else could it be?

And the main stream media lets it pass without comment. Have the people been so massively mesmerized by a young, handsome and articulate black man with a beautiful family that they cannot see that he is, as this statement so clearly affirms, betraying the Constitution of the United States and his oath of office to preserve, protect and defend it from “all enemies, foreign and domestic”?

***And precisely what domestic threat could possibly justify this perversion of the Constitution and of the history of the United States? [A new report from the UK](#) shows that more people die from drowning or from bee stings than die from terrorist attacks.***

And a subcommittee of the Senate Committee on Homeland Security has issued [a report based upon a review of 68 fusion center studies](#), where “fusion centers” merge federal, state and local anti-terrorist activity, from 2009-10, and found not a single case of terrorist activity.

The dearth of any *bona fide* terrorist threat in the United States no doubt accounts for the rash of contrived attacks, including most recently Sandy Hook, the Boston bombing, Santa Barbara, Seattle and (now) Las Vegas, which are being used to promote an aggressive anti-gun agenda.

*And “false flag” attacks have been routinely deployed in Afghanistan, Iraq, Libya, Syria, Ukraine and other nations abroad to provide pseudo-justifications for American and NATO military aggression, the most significant instance of which occurred in the US on 9/11.*

## Will there be another on 22 June 2014?

John Kimber has found the date 6/22/14 hidden in recent episodes of nine TV series, including “The Simpsons”. The episodes involved terrorism and war.

June 22nd is the date of [false flag](#) nuclear terror attacks in the [London Telegraph’s “Operation Blackjack” series](#), and the date 6/22 is hidden in related “fiction”.

In Operation Blackjack, London, Paris, Washington D.C., Toronto, Mexico City, plus New York, Los Angeles and Portland and are all bombed on June 22nd, in an unspecified year.

The alleged perpetrators are “domestic extremists armed by Iran, Syria, and China”. The newly formed “Union of North America” attacks the [patsy](#) nations:

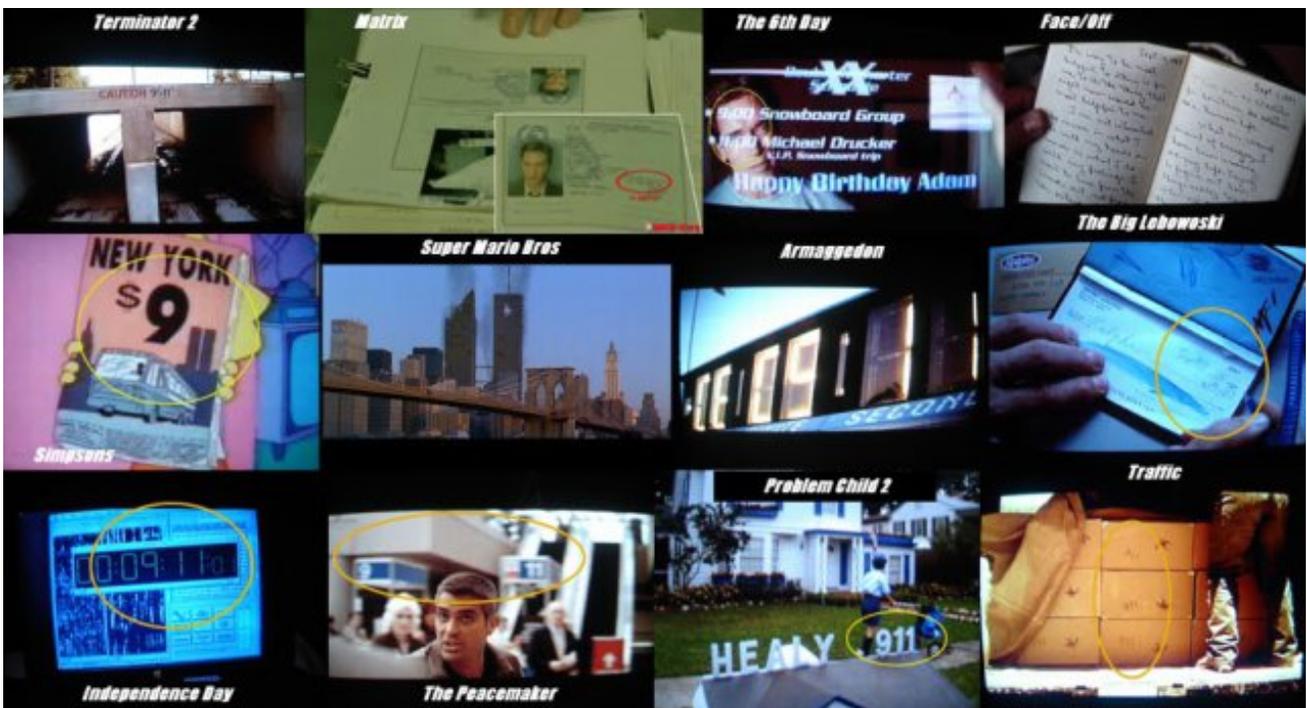

## 9/11 and “The Simpsons”

[The Oklahoma City Bombing](#), 9/11, and [7/7](#), were all similarly foretold within so-called “fiction”. [9/11 was foretold in](#)

so many TV shows and movies that new examples are still being found. Here are some famous cases, starting with “The Simpsons”, Series 9/Episode 01 (9/21/1997):

An interesting episode where Homer goes to New York, and there are lavish animations of the WTC and the Washington Bridge—two key targets on 9/11.

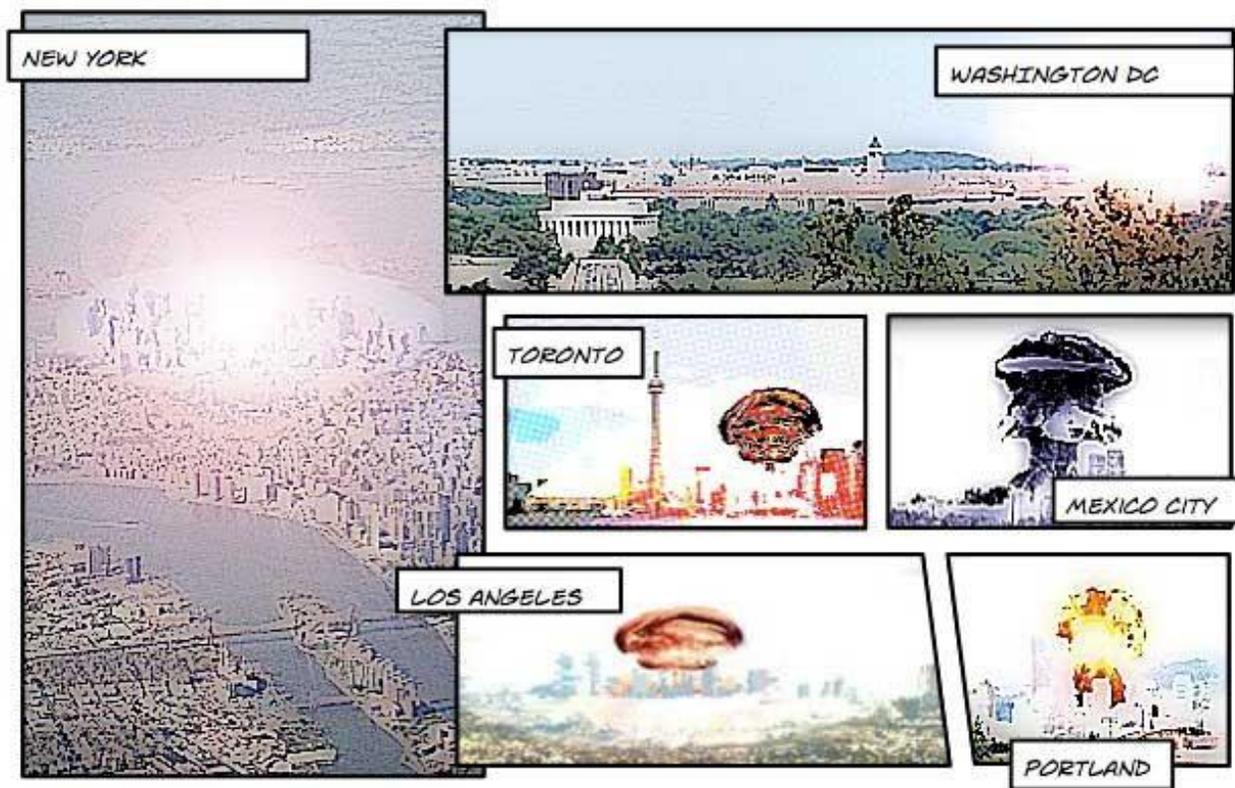

Many movies foretold 9/11, the numbers 9 and 11 were often prominently displayed in New York settings.

## The “Operation Blackjack” Series

In 2006, a lot of “fiction” and news stories about nuclear terrorism started to appear. In January here 2009 the [London Telegraph](#) published a series called Operation Blackjack (where Black Jack appears to stand for Satan or Lucifer), which gave the date June 22nd (6/22) for nuclear attacks.

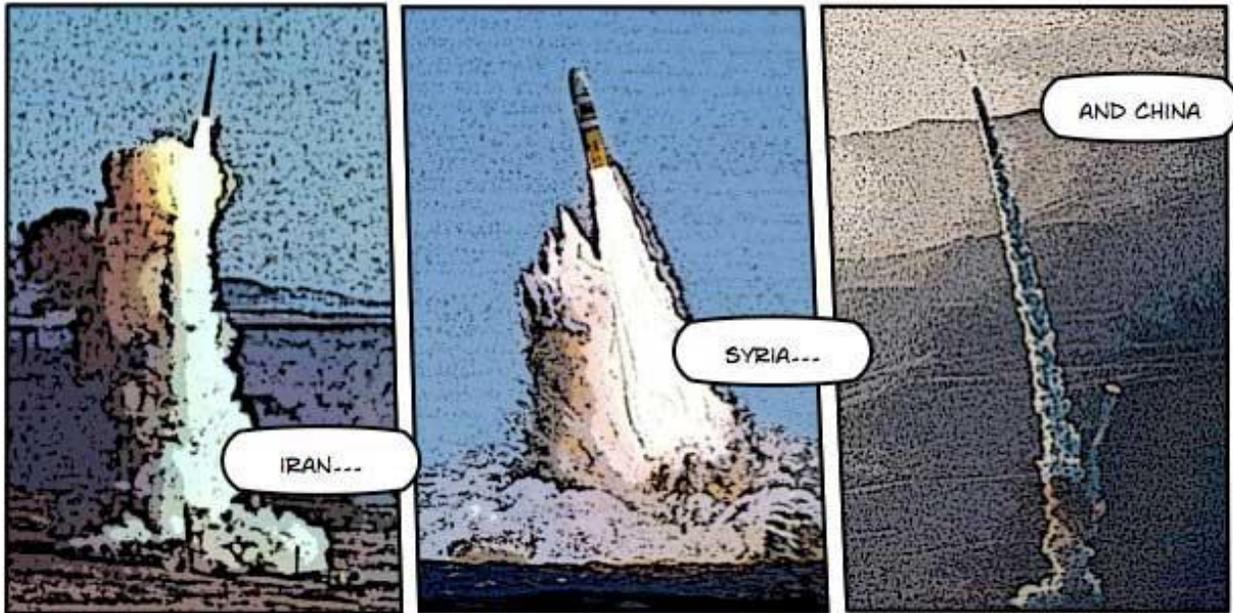

The bombs are planted on 6/21, Blackjack = 21. 9/11 to 6/21 inclusive is **9 months and 11 days**. 6/21 is also the summer solstice, an important day to Freemasons who worship the Egyptian sun and **war god Horus** (a.k.a. [Lucifer](#))—symbolized by the [All-Seeing Eye](#).

In Operation Blackjack, London, Paris, Washington D.C., Toronto, Mexico City, plus New York, Los Angeles and Portland and are all bombed on June 22nd, in an unspecified year.

The alleged perpetrators are “domestic extremists armed by Iran, Syria, and China”. The newly formed “Union of North America” attacks the [patsy](#) nations:

BUT I HAVE ALSO AUTHORISED THE USE OF OTHER MEASURES SPECIFICALLY AGAINST...

## Messages hidden in Operation Blackjack

Operation Blackjack was found to contain [several hidden messages](#), including “This is not simply entertainment” and “Predictive Programming 2.0”. These messages confirmed what many had immediately suspected when they first encountered the series. Blackjack’s false flag Boston bomb plot, for example, [became real in 2013](#):

On 3/25/14 during a “nuclear security summit”, Barack Obama curiously observed , “Russia is a regional power that is threatening some of its immediate neighbors; I continue to be much more concerned when it comes to our security with the prospect of a nuclear weapon going off in Manhattan.” This remark not only minimizes Russia’s role in the world but greatly exaggerates the terrorist threat.

Was this more “predictive programming”, setting the stage for government [false flag](#) nuclear attacks? The Operation

Blackjack “slide show story” is [still on the Telegraph’s website](#); and here is a more convenient video version (8m long):

You can download this video (21mb), for smoother playback, [here](#).

## **Jericho: Blackjack in a small Kansas town**

The TV series [Jericho \(2006-8\)](#) is the Blackjack story from the perspective of a small Kansas town. Blackjack and Jericho both have a character called [Valente](#), and there is a [Jericho episode called “Black Jack”](#). Here is the “6/22 bus”, which is shown in Jericho as the (23) bombs go off:

Jericho combines many of the threats that we have been warned about in recent years—nuclear terrorism, [EMP attacks](#), a (bio-weapon) plague and a U.S. civil war. All too conveniently, the [Department of Homeland Security \(DHS\)](#), [Federal Emergency Management Agency \(FEMA\)](#), and other U.S. domestic agencies, have been preparing for these scenarios. Jericho may represent the full plan to conquer America, as discussed [here](#).

## **Hidden references to 2012**

Before 2012, many Blackjack/Jericho related TV shows and movies also included hidden references to the year 2012. After 6/22/12 passed peacefully, the clues in “fiction” moved to 6/22/13. Warning calls to *Coast To Coast AM* may have prevented attacks on 6/22/12 and 6/22/13 because millions of listeners had been primed to blame the government for terror attacks on those dates.

The date 6/22/13 was hidden [many times](#) in a 2013 episode of The Simpsons called The [Saga of Carl](#) (S24/E21, 5/19/13). The episode involves betrayal and treason leading to terrorism and war. Here is a covert reference to 6/22/13 from that episode:

$3192296 = 6922913 = 6/22/13 + 99$ . The number 9 is Satan/Black Jack's number in Masonic/Illuminati numerology. Can anyone read the bar-code?

### Looking at current episodes

Given that the dates [9/11/01](#), [6/22/12](#), and [6/22/13](#), had all been hidden in Simpsons episodes from previous years, John Kimber looked for suitable episodes within the current season. "[The Art of War](#)" (S25E15, 3/24/14) seemed like a promising title. This episode involves threats and **terrorism** against the Simpsons. Here is a still from 13 minutes in:

Note the raised/questioning eyebrow from the CIA type character next to the (year) 13, and only he has eyebrows. Also, the 13 is being thrust forward into the front row/current year, to join the 6 and the 22. And,  $6+1+3+2+2$  is a hidden 14, for a full 6/22/14.

Additionally, there are red Masonic pyramid earrings in the second row, possibly as an indication that Blackjack was stopped in 2013. Marge's green pyramid earrings and outfit in front row, seem to symbolize that Blackjack 6/22 is green-lighted in 2014:

A recent episode of Revolution

An interesting 6/22/14 reference appeared in a recent episode of "Revolution" (2012) called "Declaration Of Independence". Revolution was series about America in 2027, after global EMP-like attacks, and it contained many Blackjack/Jericho themes. From the end of the final episode (S02/E22, 5/14/14):

The most similar sounding real U.S. location that John could find was Bradbury, Ohio, Latitude: 39.0095226 = (3+9). (9+5) 22 6 = 12.14 22 6 = a reversed 6/22/14.21 (Blackjack). Longitude: -82.0668088 = 8+2+6+6 = 22 and 8+8+8 = 24 = 2+4 = 6 = 22/6 = 6/22.

What is "Revolution" suggesting may occur on 6/22/14? A clue from a few frames earlier:

A three-ringed circus can be defined as “something spectacular, tumultuous, or entertaining”, which is a good description of Operation Blackjack—false flag attacks even more spectacular and tumultuous than 9/11. The circus theme may also be a reference to Jericho and Blackjack, because the Black Jack referred to in Jericho is a fairground:

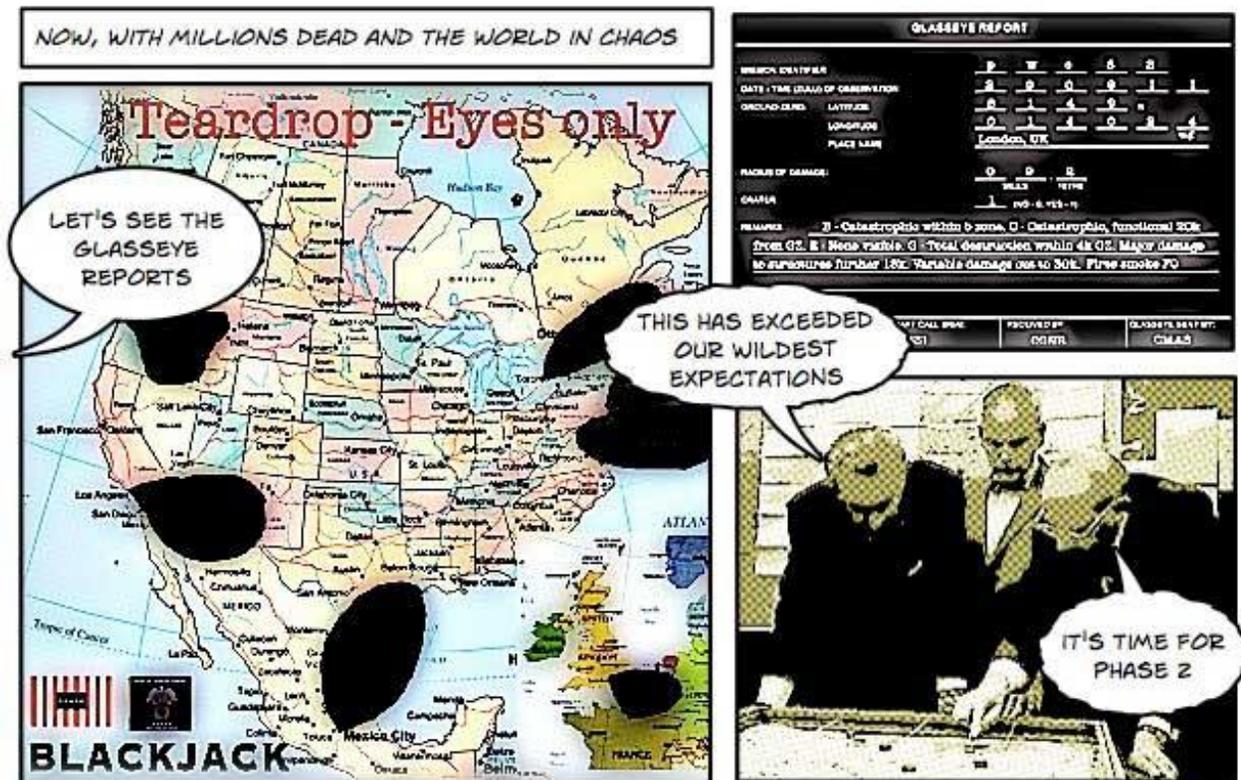

John has found 6/22/14 hidden dozens of other times in other series and episodes. Car number plates are a common if dull/predictable location, where the letters represent numbers (A = 1 N = 14 etc), and 9/11 plates sometimes appear on other cars nearby. You just look for 6, 22, 14, 9, and 11, and then add up the remaining numbers.

A = 1 B2 C3 D4 E5 F6 G7 H8 I9 J10 K11  
L12 M13 N14 O15 P16 Q17 R18 S19 T20  
U21 V22 W23 X24 Y25 Z26

**What if Operation Blackjack takes place?**

If Operation Blackjack becomes real on 6/22/14, what should we expect? I suggest “dirty bombs” in several major cities—plenty of terror and propaganda, but little real damage. Then a smooth transition to the next phase could then follow: martial law plus attacks against Syria and Iran. The worst case version from Operation Blackjack:

Previously, John has suggested charging Obama, plus the heads of the DHS and FEMA, with [conspiracy to commit genocide](#). The DHS, for example, has bought two **billion** hollow point bullets (etc!), and FEMA is preparing for

unspecified “mass casualty events”, whilst hiring long-term concentration camp guards.

John looked up the U.S. definition of treason: “*Whoever, owing allegiance to the United States, levies war against them...*”, that is, building an army to attack the United States, which Obama appears to be doing—not to mention subverting the Constitution of the United States.

In July 2008, Obama observed, “*We cannot continue to rely only on our military in order to achieve the national security objectives we’ve set. We’ve got to have a civilian national security force that’s just as powerful, just as strong, just as well-funded.*”

Obama has made remarkable progress towards this sinister goal, which appears to represent clear-cut treason—who could the militarized DHS, police, and other domestic departments / agencies, possibly fight apart from the American people? [Obama has even authorized the U.S. military to combat “domestic unrest”](#).

U.S. training facilities for this war against the people have been found, see [here](#) and [here](#), and the DHS is promoting “right-wing gun owners and veterans” as the next terrorist threat/enemy (i.e. [the next target](#)).

And there is profound irony here, because if Operation Blackjack were to take place, widespread looting and lawlessness would ensue, where the greatest source of law and order would be by the extensive possession of firearms by the American people.

## Taking over America

If Obama’s forces attacking America seems unlikely, all that is required are major false flag attacks “to be blamed on home-grown extremists/traitors”, as Operation Blackjack and Jericho describe:

There are at least four reasons why this might take place now, some well-known, others not but deserve to be:

(1) The American Empire is crumbling from too many wars with extended supply lines, where the [Neo-con agenda](#)

outlined in [Project for the New American Century has proven to be an illusion](#) and panned out very much to the detriment of the people of the United States;

(2) NAFTA and the WTO have succeeded in gutting the nation's manufacturing and industrial base, just as Ross Perot had predicted, where "that giant sucking sound is jobs moving south"; our infrastructure has deteriorated and [we are on the verge of economic collapse](#);

(3) The Western powers have breached solemn agreements between [Mikhail Gorbachev and Ronald Reagan negotiated by his special ambassador, Lee Wanta](#), to respect the territorial integrity of the Eastern European nations, such as the Ukraine, which they are now violating;

(4) Given the abrogation of those agreements, which as treaties have the same status under the law as the Constitution itself, [Vladimir Putin has threatened to release information](#) that would prove that 9/11 was an inside job and thereby expose the hypocrisy of Washington to the world.

*Authoritative sources have reported that Russian satellites detected gamma radiation from nukes that were being smuggled into New York City by means of submarines, [weapons that originally came from the US arsenal and were provided to Israel by the George H. W. Bush administration.](#)*

Under these extraordinary conditions, [the Zionist International Crime Syndicate](#) that controls the United States may have concluded that a massive false flag attack, which would precipitate wars that could revive the American economy, is what the nation needs and that this event has been planned for 6/22/14.

It would represent the partial implementation of [the "Samson Option", which even Golda Meir, then Prime Minister of Israel, confirmed](#), where the closing of Israeli embassies suggests that the time may have come for a drastic solution to a desperate situation for the US and its gallant ally.
